<sup>1</sup> The applicable "percentage limitation" applies to the donor's contribution base, which is the donor's adjusted gross income (AGI) determined without regard to any net operating loss carryback. The limitation is applied on an annual basis. Any deductible contributions that exceed the current year's limitations may be carried over and deducted in the five succeeding tax years, subject to the percentage limitations in those years.

<sup>2</sup> "Ordinary income property" is property that would produce ordinary income if sold by the individual.

<sup>3</sup> "Short-term capital gain property" is property that would produce short-term capital gain if sold by the individual.

<sup>4</sup> "Long-term capital gain property" is property that would produce long-term capital gain if sold by the individual.
